### **ATHLETE OF THE WEEK:**

#### **EMMANUEL MATEL-SANCHEZ**

This week Emmanuel, a rising senior at Naperville North High School, was selected unanimously by the CSV coaching staff as the Athlete of the Week because of his dedication and consistency in practice. Manny secured a Top-5 finish this weekend at the first tournament of the season, despite only beginning his competitive beach career last summer. When asked what skill he's looking forward to learning more about this summer he answered, "probably working on option balls and different variations of sets". Manny is a big fan of Olympians Taylor Crabb and Taylor Sander, both of whom he recently had the chance to watch play in person.

## FEATURING COACH SARAH MURCZEK

Coach Sarah Murczek is a rising senior playing Division I volleyball and studying biophysics. The Oak Lawn, IL native has been playing beach since 2020 and hopes to use her final year of eligibility to join a beach volleyball team as a grad transfer. Sarah remembers her recruiting journey and how scary it can be at first. When asked what advice she could give to CSV kids currently going through the recruiting process, she said to keep going because the more practice you have with those conversations, the easier it will get. Sarah's favorite player to watch is Melissa Humana Paredes because "she's a great technical player that I can learn a lot from".
