ATHLETE OF THE WEEK: CAITLIN TAYLOR

This week's Athlete Of The Week is Caitlin Taylor! Caitlin is an incoming freshman at Naperville North High School. Caitlyn has played volleyball since 6th grade, and is looking forward to getting better at setting this beach season. When she's not grinding it out on the court, Caitlin likes to play guitar or watch the USA Women's Olympic Volleyball team play. One career highlight is when her team finished first in the GLC at Sports Performance! Today Caitlin said her and her partner "had a tough start but it got better throughout the day with good hitting and serving".

 CAN HAVE UP TO 5 PLAYERS, 4 ON AT A TIME

COACH'S CORNER

FEATURING COACH LOUIE BATANG

Coach Louie was first introduced to volleyball through watching his brother and cousins play. He joined a team of his own in 6th grade and continued on from there playing for his high school, club and CSV teams. His favorite memory as a player was winning state his senior year of high school, and winning the Club USA division at Nationals. Louie's tip for CSV athletes is "advocate for yourself in the recruiting process". He says he wished he would have reached out to more coaches on his own and shown them why he'd be an asset to their team. Coach Louie's favorite player to watch is Micah Christenson and credits him for the reason Louie wanted to become a setter and wear jersey #11.
